

BudgetMat

A LOW COST, REUSABLE ALTERNATIVE TO PLY!

SOLID, YET FLEXIBLE

Flexible panels follow ground contours yet are strong enough to protect the surface.

STRONG GRIP

Checker plate tread provides extra surface grip.

Perfect for pedestrians and vehicles.

COST-EFFECTIVE

Cost-conscious system ideal for temporary construction sites and events.

Durable plastic lasts a long time.

SAFE

Splinter-free, solid plastic creates safer working conditions.

Made from 100% recycled LDPE plastic.

Don't settle for plywood boards that will bend, break or blister!

Try Ground-Guards' Budget Mat – the cost-effective trackway of choice for all your lighter duty applications.
